# DECEMBER GIFT EXCHANGE

And the winner is: Don Kelson, who got to pick 5 gifts, seems like he had an uncanny ability to pick gifts that were desired by others. Running a close second was Phil Howard who's final pick was also the one that brought down the house. A portable urinal that was labeled for a man or woman. However the fine print indicated it was the female version.

It works like this. Members who participate bring a wrapped gift labeled for a man, woman or either. When you arrive Macy Mann, the official keeper of the numbers, lets you choose a number. That number determines the order in which you get go to the table and pick your gift. *Macy, who is now 8, has been able to pick her number first and the rules are written so that no one can swipe her gift.*

When your turn comes, you can either pick a gift from the table of wrapped gifts -or- if someone, that picked ahead

of you, has lucked out and picked something you wish you had, you are allowed to take their gift. That person must then go to the table and pick another gift. After the last pick, the person that picked first and did not have the option to take something from anyone, gets to exchange their gift with anyone.

Cliff Winfrey picked the largest gift.

## Presidents Message

Bob Heckel

Greetings,

Within the next couple of weeks, you will be receiving a packet including a Questionnaire and a stamped self addressed envelope.

Why the Questionnaire? We are facing some difficult issues and we want to know what YOU think!

The Questionnaire essentially focuses on four areas;

1. The Armory our "home" for 30 plus years no longer seems to be our best option. The rent has doubled, maintenance is lacking and it does not offer a warm friendly atmosphere for a meeting. So, where do we go?

2. Over the past couple years it has been increasingly difficult to find volunteers to serve as officers, board members or in other positions. To illustrate this point, we are starting 2010 without a secretary. The vast majority of our "active" members have served in a variety of capacities over the years. Our challenge is to reach out to our newer members and long time members that are not active and find out what it will take to get them to actively participate in the Club!

3. Meetings, we know attendance dramatically increases for meetings with popular programs such as the Christmas Gift Exchange and Show & Tell. This is particularly true with the Ladies. What kind of Programs would increase our attendance? What kinds of Programs will entice you to come?

4. In 2009 Chuck McLeod started the Thursday Luncheons. What other activities type of activities would you like to see?

When you get your Questionnaire, give it some thoughtful consideration, complete it and mail it back. Our goal is to tabulate this information, discuss it at the January Board Meeting and create a plan. The key to making this a success is your thoughts and ideas.

The development of the Questionnaires, printing, mailing and tabulating is all being done by a Committee. The Committee is comprised of the Andersons', Herbers' and McLeods' so it'll be done right!

By the time you read this Christmas will have come and gone. I hope you had a Merry Christmas and will have a Happy New Year!

Bob Heckel

## Editors This and That

Newsletter input for 2010 will require an adjustment from prior years. For January and February all input must be in electronic form and emailed to us as we will be out of town and will have no mail service.

As the Secretary position is open this year and we have relied on the minutes for many items for the newsletter, we must rely now on the Committee Chairs and Event Chairmen to furnish all of the input for your Committee or Event. This includes:

- Pre-event publicity
- Post-event write up including photos.

Many Committee chairs do most of this currently but this will be a new or expanded requirement for 2010 and possibly beyond.

Rick Mann has been a wonderful resource for event photos when he has been in attendance.

- Listen shavers
- Knock on wood
- When offered
- Something
- "Just as good"
- *Burma-Shave*

- Bargain hunters
- Gather 'round

- Buys

- For painting
- Cow-shed
- Barn or fence
- That shaving brush
- Is just immense

# Membership

*Guy Generaux*

## Local Dues

Under our three-year membership plan, one-third of our PSRG members will be up for renewal next year. If your membership is one of these, you should have received a recent letter in the mail from Guy Generaux, noting that your PSRG dues are due and the amount. Guy will accept your dues at the January general meetings or by mail by January 15.

If you are among the two-thirds of the club whose dues are current, please check your 2009 PSRG Roster and alert Guy by January 15 with any changes of information you may have: new e-mail address, added or subtracted a car, etc. We like to have the Club Roster be as accurate as possible. New 2010 PSRG Rosters will be available at the February general meeting!

## National Dues

Keep in mind that dues to the National Early Ford V8 Club are renewed on a "cycle" system depending when you joined. National membership dues and data are handled by Cornerstone Registration (see your V8 Times for contact information) and can even be paid with credit card. You will be notified by National when your dues are to be renewed. National also has a three-year option, so you might want to coordinate this with local dues. That way, you pay dues once and don't have to worry about it for three years.

# More Gift Exchange

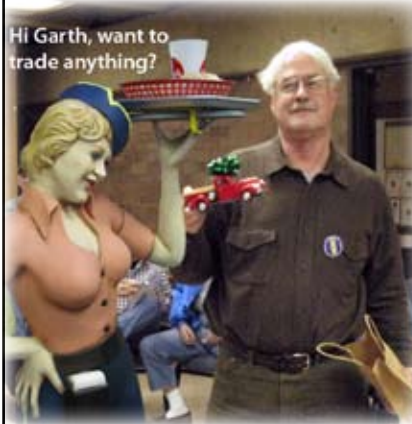

Annette Kelson was the first to grab a Phil Howard gift

Gary Duff was the second to grab a Phil Howard gift

Rumor Has it that Norm Larabee casually placed his gift into his brief case

Hi Garth, want to trade anything?

We need to talk.

What's your name?

# Sunshine

*Dick Jauch*

"Lucky" Carol Scott is recovering from a fall at home and has suffered a mild concussion and cut above her eye. Will probably have a good shiner. Plus the broken arm suffered in a car crash. It wasn't too bad but it seemed to change her luck in the drawing for dollars where she usually wins something.

Bruce Miller had some minor repair work done on some part of his anatomy. He is reported doing well after his respite.

Please remember to call me if you have sunshine information

If you know of someone who needs to receive a card please let me know.

# 2009 PSRG Fall Banquet

Photos by Rick Mann

Bev & Elmo Lewis (Elmo says it was all Bev) hosted our annual fall banquet at the South Seattle Community College. The food was outstanding and as long as you could follow directions and turned at the SOUTH entrance it was easy to find. The culinary school looks forward to this type of event as a part of their curriculum. Well done and the club hosted bar was enjoyed by many. There was a looping slide show that featured many members current and past at different events spanning many years. Some shots featured members that were difficult to recognize as they might have been slimmer and had a little more hair.

Bill Steil and other very early (note we did not say old) members gave us some insight to some of the history of our 40 years.
